SUMMARY

Motivated MCA post-graduate with a solid foundation in front-end development, seeking an entry-level front-end developer role. Skilled in creating user-friendly, responsive, and visually engaging web applications. Dedicated to developing interactive, accessible interfaces that enhance user experience.

WORK EXPERIENCE

Front End Development Intern at CodSoft

July 2023 - August 2023

Completed a remote internship focused on front-end development tasks, independently developing solutions such as front pages, calculators, and standard components using HTML, CSS, and JavaScript. Demonstrated self-motivation and discipline in managing remote work assignments, troubleshooting issues, and optimizing code for performance.

PROJECTS

Take Note App

A responsive note-taking application built with ReactJS, designed for quick, efficient note management similar to Google Keep. Implemented core CRUD functionality to allow users to create, update, and delete notes. Focused on clean, intuitive UX with responsive design for optimal use on multiple devices.

E-commerce Website

Developed a static front-end eCommerce interface using HTML, CSS, and JavaScript, featuring interactive product displays, a shopping cart prototype, and smooth animations. Prioritized responsive layout and mobile-first design principles to enhance accessibility and improve user engagement.

Personal Portfolio Website – Designed and developed a personal portfolio website using HTML, CSS, and JavaScript. Showcases projects, skills, and contact information within a clean, modern interface. Prioritized responsive design and smooth navigation to deliver a professional, engaging user experience.

EDUCATION

2022 - 2024	Master of Computer Application (SE) at USICT, GGSIPU	(CGPA : 8.6/10.0)
2018 - 2021	B.Sc. Physical Science at SSNC, University of Delhi	(CGPA : 8.53/10.0)
2018	Class 12th CBSE	(Percentage - 81.4)
2016	Class 10th CBSE	(CGPA : 9.4)
